On my way to Mrs D. I stopped, to speak to Mrs James Rodyk, and children. Nellie gave me a piece of trimming for my bodices, which she had tatted, herself. September. 1867. Penang.

Tues 3 Up at 6. Aunty Milania de Luy's birthday. I had promised Mary, Carry & Georgie to send their presents to Aunty, at 5:30. but when I got up, I changed my mind, and thought I had better take them myself, and go and see her. So at 6:30. I made our Orderly carry the parcel, and P.K. walked with me, as far as Mrs. Brogan's house, and then he went down Leith street, And I walked straight on with the Orderly behind me. When I got to Aunties, I found that Uncle Lawrence & Phoebe, had both forgotten it was her birthday; and that I was the second one to wish her "many happy returns of the day".

I had a cup of tea and a slice of toast and butter. Then I asked Phoebe to lend me her silk jacket, as it was very prettily trimmed, and I wanted the Bengal Tailor to copy it. 9:30. I walked home again, making our Orderly carry the jacket. & took the Bazaar account from our boy; and gave him the orders

for the day. Then I worked a little at my bead collar.

P.M. was just going to take me to Auntie's when Dr. Magalheans came to speak to him, and before we could leave the house, Captain & Mrs. Lemon arrived. They were going to dine with us.

Mrs Lemon said she had

Wed 4 been up to the big hills this morning, and was feeling very tired. J.B.K. went out without me. We all sat out on the portico, till 7. when we had dinner. Then we had some music. At 10. Captain Lennon & his wife went away. After seeing the doors and windows shut up, I came into my room, and answered Georgies letter. Then I read the Bible, and at 10:30. went to bed.

Wed 4 Up at 6. It was drizzling a little, but I got up and dressed. Then walked with J.B.K. to see Mr. Distant, he left me at the gate to go to the General Hospital. Sandy was brought down after I went there. I had to wait some little time, before I could see Mr. Distant. I took her 2. fresh eggs, as I was not able to go and see her at all yesterday, and I forgot to send them by our boy. At 7:10. I went to see Mr. Waller (walking) to thank her for the guavas she sent us yesterday evening, and I also asked her to tell Sarah, I would be happy to spend the day with her tomorrow.

Then I walked home. Had no occasion to use the umbrella, as it was not raining much, but I had not been home 5 minutes, when it began to pour. I left her and went to see Mrs Distaint again. Mrs J. Saunders house has a very bad stone at the gate, so I did not take the carriage, but ordered the syce to wait for me outside.

Just as I was coming away I met J.B.K. so I told him I was going to the jetty. for a little while to see Mrs Morgan. I went to the jetty and got into Mrs B's carriage & rode to her. She told me the newly married couple Mr & Mrs Alexandersen came down the hill this morning. At 7 came home. 5 Mr & Mrs Dalton & Mrs Distant. Dined in, but Mrs D. walked on this to General Hospital. Sandy was a little better. The children brought him some pictures from the Illustrated London News to look at, and he seemed very pleased. I gave him some oranges to drink while I was there.

Mrs Distant has been suffering badly from a gum boil and toothache, and she was just going to sleep last night, when she heard someone cry out, "Fire, fire." She jumped out of bed, her ayah Mary caught Willie, the youngest girl, she being her favourite, and rushed into Mrs J. Saunders children room, room, and there they saw Lucy Saunder, the second girl, in her bed, with the fire surrounding her. They dragged the child out of bed, and then began throwing water on the bed till the fire was out. It is supposed that Sally, Mary's ayah had been looking for the mosquitoes on the bed, must have let the neck of the candle she had in her hand, without

borrowing it, put on the bed clothes and so set fire to the bed. Fortunately there were no mosquito curtains, or there would have been little chance of saving the child's life.

At 9 A.M. I walked home again by myself. For a wonder I eat a slice of toast and butter, and some duck, and drank a cup of tea. Mamma and Phebe came here soon after. Dobie brought my clean clothes, but he went to Mr Paddon's first. Took the bazaar account, and gave our boy the orders for the day. 9:15 Called dressed. 9:30 Second breakfast.

Gave her a black stone bracelet set in silver, as a wedding present. Mr & Mrs Bacon arrived there the same time as I did. Alice was spending the day with them.

5 I Then I went on Sarah's and had tiffin with her., Major Church., having gone to play cricket. Charley Walker came in after tiffin and stayed awhile. I came away I began another collar of ruby and transparent beads. It looks very nice, and sparkles a great deal. After tiffin, Sarah and I played some piano duets together reading by sight. 3.

At 3. Miss Dickson and all Mrs Walker Senr's children came for Mrs Walker to take them on the Esplanade, where the cricketers were, to hear the band play. The three eldest children, as well as little Edith, all played some pieces on the piano. At 4. I came away, after having heard some tunes in Mrs C. Walker's musical box.

Then I rested. 5:30. got up, put away things, and dressed. Then Mrs Dickson, Sarah and I walked over to see Mrs District, taking 2 eggs for her. I stopped to speak to Mrs James Kitchyk on the way, and when I got to Mrs D.'s I found Mrs D. Sarah, Miss Thin, Mrs Sinclaire, & Miss Lee. The eggs

After dinner we had some music, and two games at whist. Mr. Gentle being my partner. We lost. The opposite side being 12 points above us, when the games were finished. 11:30. They went away. I wrote to Carry, in answer to her letter which she wrote to me this morning, and which I received this afternoon. I wrote 5 pages. 12. went to bed.

Sun 5 Up at 6. As it was raining, I got into bed. and went to sleep again. till 7. when I got up dressed. I found I had a great deal of work to do, and so could not go and see Mr. Dickson. J.B.K. and I had our early morning tea. 2 slices of toast, a cup of tea, and some cold curry, and a glass of sherry. 8:45. He cleared off. J.B.K. went to see some of his patients. The Bengal dulgee came, but as J.H.K. was not yet come home, and he had to go to the nunnery, I told him to go there first, and then to come here. 10.30. J.H.K. came home. He told me L.P. Keun had asked him to go and see Mr. Bingham at York House Mr. Finzard as he himself was sick, and could not go out.

10:15. Second breakfast. Then J.H.K. had plenty of work to do. The dulgee came, so I put on my silk jacket, and J.H.K told him more it was to be altered; I also gave him some gaitabdis to make. 2 and the striped black cotton from England, and one from here a violet and white stripe. It takes 2 yds, all but 2 inches to make a gaitabdi. Before the Tailor went away, I made him fold up my dresses silk and he helped me to role them up in a sheet, which J.H.K. had given me for that purpose.

September 2. 1864. Penang.

When I wrote my journal for yesterday, not having had time to do so this morning. The time passes so quickly, and I am quite surprised, when I looked at the clock to find it was 12:30. So I had to dress. I wore a white Garibaldi, and a light coloured silk dress, which Mamma had worn on my wedding day. J.B.K. could not find time to take me to the jetty as he promised, as he found he had too much work to do, and Mr. J. Saunder had asked him to go and see his brother George [illegible] who he was afraid was dying from drink.

12:30. I left the house in J.B.K.'s carriage, and went to the jetty. There I found Captain Lemon, who also had just arrived. He took me in his boat, and we went on board the ship "Krishna", which belongs to him. His baby "Mary" was crying, and Mrs. Lemon, was not quite ready to receive me, we went down to the saloon. Then I took off my hat and cloak, and just then in Mrs. L. came down stairs and later my head work with me.

Capt Lemon showed me some views from Kars and Bombay. Then I did some boat work. 2. we had tiffin. Then we went on deck. The breeze was beautiful. Then boy "Willie" was very mischevious, trying to upset and take my heads from me. 3. Pth. came brought me a letter from Georgie, and the news that George Saunders was dead. 6. We had dinner on deck. There was roast duck & goose, fowl in paste, and curried fowl, & Shallots, beans chow chow, rice, Prawn and cucumber, dried prawns curries. Puddings, custards and Tarts. Chees & Lettuce.

After dinner Capt & Mrs Lemon each played something on the concertina. Then we had one game at whist. I very foolishly drank 2 cups of coffee, the consequence was that I felt little sick. At 10. we left the ship, and got into Capt Lemon's boat, and came on shore; got into the carriage and came home. I really was so tired, and feeling so sick, I could not write to Georgie. So directly I got home I went to bed.

He also said that Cary was getting on famously, and that the hill seems doing her good, also, Miss Palmer's mother had come down the hill, some words having passed between her and Miss & Uncle J. seemed quite in a flurry. He complained of having a bad headache, at the church he had received, when he heard of Cumming's death

Last Wednesday, Capt & Mrs Sarson with the Angeni's son Mr. Le Fond went to the big tree, they got wet through, not having provided themselves with Umbrella's. After breakfast J.H.K. went to see Mrs Naylor, who had fever. He opened his Mail letter, and gave me one from Mrs King which she had written to me. So I came upstairs and read it. Then I mended my jacket. I did not know it was torn, till J.H.K. told me. The time passed so quickly; I did not know it was so late as 1. I wrote to Mary, telling her, that as she was sure whether she was going to the Pyrenees or not, & I had better finish if the tiffin quarter till her return.

I received a letter from Mary saying Carry was not at all well, had been spitting blood and groaning all night. Georgie came down the hill to have her tooth stopped. She was at Mrs Palmer's, and the carriage was at the door, ready to bring her here, but she was frightened to come, because Uncle Joseph had told her, he would bring her over at 3:30. I answered Mary's letter, and also wrote one to Carry, and then I went and asked Georgie to take them up the hill.

In any letters up the hill, I proposed going to spend a few days with them, if they thought I might cheer Carry up. Alice was to have gone, but Carry did not wish it.
2. Effie alone. 3 PBK. came home. He was going across to the provinces, and I said I would like to go with him. He consented to my doing so; but when he came home, he said Capt Ellis wanted to go over; and see how the boat that he was making was progressing at all, and that as he could not refuse him, I would not be able to go.
4. PBK. over. rested. I was reading a book, and fell asleep over it, till 5:30. Then I got up, dressed, and mended 3 small holes in the sheet. 6. Walked over to see Mrs Easley who had fever, met Mrs Distant who was just going home. She had brought her baby. Then I walked on to see Kennedy. He was much better. Took 2 eggs. As I was coming away, I met Mrs H. on at the gate. Talked to her a little. Then PBK. went to see Mr Easley. Walked home. Dinner. Wrote. Read the Bible to bed

Sunday 8th Sept. Walked over to see Mrs Distant. Mr H. accompanied me to the gate, asked Victoria about Sandy, she said he had been talking a great deal in the night. Then he walked on to the General Hospital, and I walked in. As Mrs Distant was not downstairs, I went up, & gave her an old muslin dress of mine, and I also asked her if she would like some old shirts of Mr's, and she said "anything in the shape of cloth will be very acceptable." Children had gone again to see Aunty, and they had not yet returned yet. So I saw Sandy bathe his sores and suck some sugar cane, and then I walked home.

The boy had not yet come, so I began to write, as no one can make hot buttered toast but Ruin and Harry's servant Bob who is also not here. The boy came, I had some toast and butter, and a glass of wine. Ruin laid the table, and brought the joint & put a piece of raw meat in front of Mr H. & I. Took the Diary account, and gave the boy the orders for the day.

Rested. Looked at a book of
Harrals. 9:15. bathed. dressed. I was not feeling
very hungry, so I went to the piano, and sang
some songs & played the new book. No 2. Then
at 10. I went downstairs and eat nearly half a
pamphlet with rice. When I had finished
I came up, and sang again. J.W.K. came home
and heard me. I put my hanging almanack
tidy. The tailor came I gave him five (5)
of his pockmarked Canibal dies to alter, and or-
dered him to make a new muslin one
for me, for Lucy Jones's wedding.

Then I began working my
stockings. Charlie Miller came to see J.W.K.
while I was downstairs, having his hair cut.
He brought us a couple of snipes, which
J.W.K. said was to be cooked for tiffin, and
I thinking he had told the boy to see about
it, took no more notice. J.W.K. went to him.
I told him not to forget his promise of bring-
ing me a book to read from the Library. Mr.
Silver came to tune the piano for the
first time this month.

September 18[illegible] Penang.

Tuesday

2. As I was busy working at my stockings, our Orderly brought me a visiting card of Mrs Downs, & had given my last gharibaldi to the Tailor, so I sent down word I was not at home. At 2 o. I called the Orderly up to tell him not to bring the snipes up till J.B.K. came home but to keep them hot in the kitchen, when he told me they were not cooked, the feathers even were not taken off, so I thought I would dismiss it, as J.B.K. did not come home sometimes before 3 o. So I called the cook, gave him 2 slices of bread, and some lard, and told him to cook and clean them directly.

I was feeling very hungry, so I began my tiffin of hash & potatoes. & J.B.K. returned, the snipe posture nicely were ready so we sat and enjoyed them. Then I worked 4. rested, went to sleep till 5. She said Sandy was much better. He was eating a cocoa Nauko. He had also slept better. Jos walked home again. Then sent the boy out for 2 Afonas, and 4 cocoa Naukos. 2 price in all. 2 the Afonas, and drank a cup of tea, and some wine. I eat also one of the cocoys, but I did not like it very much, so I gave the rest away. Saw the boy dust the tables. Took the Bazar account and gave him by the orders for the day. Wrote. 9:15 bathed dressed. Then as I had eaten well this morning, I was not feeling very hungry, so I went to the piano and sang some songs &c. The Massachee came to tell me Mrs. had come, so I went downstairs, and had my second breakfast with him. He told me he had asked Mr & Mrs Whitney, and that they would be very happy to come and dine with us tomorrow. After I had finished my breakfast I came upstairs and wrote down all that we would require for dinner &c. &c.

Then I read it to the boy, all that he was to buy. Then I worked some dirty cuffs of Mrs's, as he thought if he sent them to the wash, the holes might get bigger, and I should have more trouble in mending them. Also mended some large holes in my chemises &c. Raining very hard. And very wet and then it gets quite dark, and as I was sitting in the inner room I could scarcely see. Then Massachee brought some ingenion, and a piece of muslin for dress, for sale

The muslin was $6 the piece, and the mercedin they wanted 20 cents for just one strip. We did not buy anything. I wrote and asked Aunty, if I might come and dine with her, as J.B.K. was going to Mrs Dr. Allen's to dinner. It was still raining very hard, so J.B.K. could not go to town. Capt Lemon brought some Jonnies which he had bought, for J.B.K. to see if they were good for anything. He also said, that he and Uncle Laurence were going to the Province, and on Saturday to stay till Tuesday.

September 1867. Penang

Sept. 12 Up at 6. walked over to Mr Johnny Lauder's to see Mrs Distant. Mr. accompanied me to the gate, and then he walked on to the General Hospital. I went in, saw Sandy sitting on the chair outside in the open air. He was looking much better. He eat 4 finger biscuits, and drank his egg and brandy, and a cup of broth, which I was there. The broth had some onions mashed up & mixed with it to make it tasty but as he did not like it, I took a spoon and took all the pieces out, and then I gave it to him to drink.

As it was wet under foot, the children did not go out for a walk. But Mrs D. & Ayah & Tan with a duck to Mary Lorraine's mother, to have it cleaned, as that if Sandy felt inclined to eat any, it would be tender enough for him to do so, till I walked home again by myself. Met Mrs D. Brady's little baby at Mrs Hale's door. Had a slice of toast, and drank a glass of wine. Had the orderly up here to sweep all 4 rooms, and dust the pictures he could reach and 2 tables.

He was very slow about it, having taken three and nearly a half over it. The boy would be the boy again, after I came home, as he had not brought all the things for dinner. So I said, wrote, and rested. 9 p.m. bathed dressed 9:30. Took the bagman account from our boy, and gave him the orders for the day. Gave Smith also all the silver out of the Almonah, to clean for this evening. 10. 9 P.M. came home and brought a couple of Invites, Mrs Hugh Scott had given to him, and some news from Mrs Anthony.

Sun 12

I like. I was there, another carriage drove up, as Mrs W. Scott said, I must really go and dress, for as your carriage is here, I must see this person, whoever it may be. She asked me to go in her room, but I said never mind. I won't keep you, and so came away. It was a strange gentleman. Then I went on to Mrs Pengraves, and asked Alice to lend me the bonnet, Emmy trimmed for her, as I wanted one like it. So she lent it to me, and said I might keep it, till after next Sunday, as she was in mourning, and could not be able to wear it yet.

Then I went on to Mrs Higgins. I took her the bonnet that was bought from Mrs Plunkett, and asked her if she thought it could be unpicked, and made the same shape as Alices. She said she would try, so she unpicked it. She lace was very good, and asked 4s for another bonnet, and she asked me, if I had been to the Evening to see if I could get a shape like Alicia's bonnet, because that was more it was bright.

So I told her I had not been, but would go another day, and they if I could get me like it, I would bring it to her. And she said, if I cannot, never mind. Then I will buy and make me like Alice's. 2. house. We had the snipes for supper. They were not so well cooked today. After supper, I was putting the dirty napkins table in the clothes basket, when I heard a crash, I looked and saw all the silver things, had fallen on the ground the boy having frolicksby just thrown in the clothe basket, instead of on the table.

We were to have had some music but did not do so. I received a letter from Clara, saying she was much better. I began answering it, and also one to Mary, when I was feeling a little tired, so rested. 6. P.M. I sat on board the "Kinshima" until 7 P.M. we came on shore 6:30, and had just time to dress, when Mr & Mrs Arthurs came for us we went down to dinner. After that candles Mr Arthurs and I being 15 points above them. 10. They went away. I read the Little Red

Both accompanied me as far as the gate, and then I went in, and he waited on to the General Hospital. Lizie met me and told me not to go upstairs, but that Mrs Mamma was coming down soon. Sandy was sitting out in the open air, munching some finger biscuits. He was looking better. But had not yet got rid of his fever. The children played about in the garden.

10 A.M. I walked home again by myself. Had a slice of toast and butter, and drank a glass of wine. & took the bazaar account, and gave out boy the orders for the day. He brought all the silver things up, so I made him wrap them all up in their separate papers, and then I put them all away in the almirah. Gave him $1 more, for bazaar. 9.15. Bathed. Dressed. I wrote, read "Lords and Ladies" rested. I was not feeling very hungry, as I had Noon, and Tiffin at 2 sides of a toilet cover.

And then to give Mrs. A. our parlour, I called the boy up, had my chair brushing, and little odds and ends taken off the table, and then gave him my duden, and made him dust everything. When he had finished I put the toilet cover on, and arranged the other ornaments upon it. By this time Mrs. A. came, so I went downstairs, and to my surprise, he said he had already had his breakfast, and as I had not had mine, he told me to go and eat it now.

I had a very good breakfast of rice and curry. Just as I finished, the tailor came. We had brought my new muslin jacket that I ordered him to make for me. But he had made a mistake, and put pink ribbon upon it, so we told him to take the pink ribbon out, and put a puckering of Mrs. Ruddy's silk upon it, and sew a piece of lace on as trucker, at the top. I also gave him my old muslin chirt to make a new band, and a little bag to hang at the wrist.

Played a little on the piano. 10. J.W.K. came home. We had our second breakfast together. After that J.W.K. asked me if I was going to Glugor to tiffin. After a little thinking, I said that I thought I would not go, then he said, If you do not go this time, you can never expect to have an invite again. Then I said I would go. So he told the boy to get me a hack Jalankeen, and also that he was to go with me.

At 11. I wrote a letter to Mary and Lucy, telling them, when they were to expect me up the hill. At 11.30. I began to dress. Tried on 2 or 3 different kind of dresses. I had no clean gauloudi, so at last I settled to wear my fine scarlet silk shirt, with a half clean gauloudi, which did not look bad, when I put it on. Just as I was ready to go J.W.K. sent the boy to the watch makers, about the time to fetch it, so I had to wait a little.

Last night as we were driving
home from Gingan, J. Mak. told me Mrs Mc.
Neil, went up to the Sprout during the after=
noon, and that they had invited us to go
up this afternoon, and sleep up there. So
I said I would like to go very much, and
I would ask Harry to send the bis jinny,
which I did this morning, and at 4. he told
me I might have it. And that he would
require ~~mus~~ to bring him home from Uncle's
at 8 o'clock.

To Church, Mr. Mackay having gone to the Province to preach. He remains there until tomorrow when he is going to marry Miss Bacon (Mr. Winds niece) to her eldest son Mr. Ward. Put all my Admirals tidy. Packed up my box to go up the hill. The coolie came for it at 12 o'clock.

At 1. as I was quietly sitting down to write, I received a letter from Mrs. Maddan, saying that her husband had told her, that Mr. King was coming to tiffin, and that they also expected me to accompany him. I did not know what to do, as I had packed up my crinoline to send me the hill, but fortunately I had one old ones which I never wore, on account of their being so very large, so I chose the smallest one, and put it on, with my striped spotted grenadine skirt over it, but it looked very bunchy.

September 1867. Penang.

Sun 15. Buy Garibaldi also I had to find a piece of lace, and some black velvet for a Friend to Paddays. There was Robert Waller, Charlie Roddy, Joseph Anthony, Mary Ann, ourselves, and the 4 Paddays. 2:30. We sat down to tiffin. W. C. S. P. took one in. We drank Mrs Percy's health. I asked Mary to come and spend the day, and tiffin with me on Tuesday, and told her to tell Mrs Galastaun also to come to. Dr. J.W.K. and I left.

Came home, just on my riding habit, got into the carriage, went to the foot of the hill, jumped on my pony and arrived at the "Grove" at 5. Mrs Hill and Mrs Macfarlane were gardening. J.W.K. and Mrs M. went to bathe, after they had seen us feed the fish in the tank near the house & dressed, sat out in the garden. J. just before dinner. 16 Up at 6. packed at up. my box, also J.B.'s. I had passed a very wretched night. It was frightfully hot, and we were sleeping together in a very small bed. J.B.K. opened the curtains, and then we could not sleep at all, though it was cooler, but the mosquitoes, and sandflies, were dreadful. I could not sleep either, so I begged of him to shut the curtains, which he did, after dusting them. Then he tried lying on the sofa outside, but the mosquitoes were much worse there, he had to come in again.

Then he dusted the bed in the next room, and got into it, and slept better, I too slept, but it was too hot, and neither of us really got a good nights rest. 6:30 came down the hill. Got into a hack Jinrickshaw, and came home. Did not have anything to ill, as I didn't feel inclined for it. I walked down the hill, and was feeling very tired, so I rested, and read the Times for last month. 9:15. Got up. Mr. A. washed and dressed, and was ready, just as J.B.K. came home also.

from 16

He asked me, if I had eaten my breakfast, and I told him I had not, as I was not at all hungry, besides not feeling very well. So he told me to go and begin to eat, as he had find his breakfast, and he would come in and sit with me a little; So I went and eat a slice of toast and butter, and an hard boiled egg with a glass of tinlo to finish. Then I came upstairs and unpacked my box. I was feeling very tired, and 2 or 3 times I rested. William Macwell came to have his tooth stopped.

My dobie came today, as I was busy taking the account of the clean and dirty clothes. I wanted to send my white muslin dress, trimmed with black lace to the wash, but I could not unpick it in time, so I told dobie, I would send it with Jack's things, and for him not to wait for it. 12. Mamma Mrs Pritard, Lizzie and Dudie called here to look for an old ship that used to be in Joe's bedroom but they could not find it. I asked Mamma if she could cut my black silk skirt for me today or tomorrow, but she said she could not have time

6 But at 1. her dobie brought me a note from her saying she would be very glad to and my child out for one to day, if I came between 1 to 3:30, she as had nothing particular to do. Mr Punker was here when I received the letter., so I could not show it to J.B.K., but when Mr P. went away I gave J.B.K. the letter to read, and asked his opinion. And he said he thought I had better go, as perhaps I should not have another opportunity. But I must have my tiffin first.

So I ordered the Orderly, to bring the tiffin, and I dressed. J.B.K. went out, he said he would send the carriage back for me in 10 minutes I took my tiffin. When I had finished, I found the carriage had arrived, so I jumped into it, and went to Mrs Co. I had to wait for the Judge, as he was not at home 3:30. He came. Mamma showed him how much I and I came home. rested. slept. Very tired. did not go out for a drive. & dinner. Then we went to the circus at 8. Saw some Japanese men and women, & some birds. There were not very many spectators. The circus was over at 11. and we reached home, at 1. and I tried to rest to it.

September 1867. Penang

Thurs 12th. I was very tired, but Fish told me I had better get up, as I should have plenty of work to do. So I got up. Just my Amirtahs maid from Sidy. Got out some clean clothes, and packed them up in a box, as I was going up the hill this afternoon. Put my Amirtah tidy, & her hair dressed. Took the bazaar account, and gave out boy the order for the day. I was not feeling very hungry, so I waited till Fish came home, and then I had my second breakfast. As I was expecting ladies to tiffin, I began to dress. I wore the silk dress Mamma had on her wedding day, and a white muslin jacket &c. 11.30. Mrs Whitaday arrived. I brought her hat in my room & then went outside again. Mamma came and said, someone had been meddling with her chinese box, which is on the door of her godown, that contains the wine and beer, as she had been trying to open it, and could not manage to do so. We afterwards found out that the box had been in her possession a long time, and that it was quite or nearly worn out from old age.

12. Mrs Plunkett came. She had walked over from the Shepherd's house just over the way. Her baby she had left there. 12:30. Mary came. I was teazing her because she had promised to come early, and she came the latest of all. She said Mr Hill had kept her, or else she would have been here at 11:30. Asked her if Mr Galastaun had come, and she said "Because did you never asked her". And I said "Did". and asked Mrs Holiday, who said she had heard me tell Mary, to bring Mr Galastaun. To Mary said she was very sorry.

Then we all began to work. I was threading the gilt beads, and seeing how many would go through the needle twice. Mrs Holiday was sitting on a cushion, with a red cross working some drawers for her little girl, and Mary was hemming some pocket handkerchiefs. I wish, would not. He never came with the ladies, as he thought it was better not to do so. We had ordered the dinner before we retired.

Tuesday

September 1867. Rhany.

At 2. we went downstairs to tiffin. They are all very poor eaters. Mrs Paddy took a little below, Mary & I also took the same, Mrs Plunkett eat one cutlet. After tiffin we all went upstairs again. We did not do any more work, but talked. 4. Uncle Joseph came to take me up the hill, directly they saw that, they all went away.

Then I came in. Put on my riding dress, and good bye to Mrs. Packed up a small bundle, and went on Uncle J's carriage. We stopped at Mr Pressgrave's house, as Mrs Distant had asked Uncle to see them safe on their chairs, as they also were going up the hill (Mrs Pressgrave) so when we got to the foot of the hill, I joined on my pony, and Mrs Distant and Cutts, were on their chairs & then left them. Arrived at the Highlands at 5 o'clock. Fanny was looking better. I had the small room to right hand side of dinner. Then we had a game at cribbage. After that I wrote a letter of 4 pages to Mrs: Uncle is to take it down to bed. Sleep right with me.

18 Up at 1. After my coffee just in time to give my letter for 1.15. to Uncle to take down the hill. Then I had my first meal of rice and a bowl of bread and butter, an egg, and a glass of Vino. There was also tea without milk. After we had all finished, I put Fanny's skein and pillow under the large tree, near the house, in the shade, and Fanny, Georgie, and I went to the store. We and there for about 25 minutes then we came back, and I sat with Fanny for a little while.

After that, as she said she was not feeling tired, I told her I would go and fetch my work which was upstairs, tucked up in my bed, and bring it down, and work beside her. When I had finished rewinding one skein of stockings, Fanny said she felt tired, so we went upstairs and she laid down on the sofa in the drawing room. At 4. we had our second meal of coffee, buns, & bread, then Fanny went to sleep. Georgie had gone. We all read then I dressed

September 1864. Penang.

Wed 18 10. Began a new journal. Received a third letter of George and ¾ from J. H. telling me to send the pony down for him at 2:30. so that I might be at the foot of the hill by 4. After I had read the letter, I dressed. Then I rambled again at my sketching. I sat out in the garden, and made Fanny do the same. George read aloud out of "Rascals Fragments" some short stories, till 12. Then we had our third meal of the day. Then we sat out in the garden again. Fanny saw a snake about 1 yard and a half long, but before it could be caught, it ran away. It began to drizzle every hour and then, so I made Fanny all mad again. We sat under the house. Miss Palmer joined us after she had finished her work. I mended 4 pairs of stockings, and began one of Miss Palmer's. George could not now read any more, as she had to mend her dear Lug's stockings. Fanny and she went into the garden, and fetched green mangoes, and began eating them. They also brought me one. It was very nice.

3:35. We had our fourth meal. Tiffin. Only both a piece of bread and cheese, and some strawberries, and a glass of beer, as I did not feel at all hungry. At 4. we all began to dress for the evening. Then Mary, Georgie and I went to the rock. We took some pastals papers to read, but we did not pay much attention to them, as we looked up every now and then to see if Uncle and Pitt were coming. We sent Pitt down after a little while to meet them, and tell us if he could see them.

At 5. Uncle came alone. He said Pitt had gone to the Chalet to see. Mrs Pitt and Jane. We three waited at the rock. 5:20. We saw Pitt turned round the corner. We waved our handkerchiefs and told him to come up quickly. He brought up 6 oranges for Carry, when he thought looking better. We each had a glass of wine. 7. dinner. Carry went down for a wonder. After dinner we played at commerce. Uncle would not join us. 10. We were all very tired so we went to bed. I did not pack up, but left everything for the morning.

September 1867. Penang.

Thurs 19 Eliz. at 8. came out of my room. It was Arthur's
dark, and George knocked at our door to ask
if we would like a light, and Mrs. said Yes
Then I got off bed, and packed my things in
the box, as well as Mrs.'s, also tied the pillows
and bolster in a mat, after having eaten
them together. Had a slice of toast and
butter., which I cast in Carry's down near-
ter bed. I spilt some of the wine on her
sheet. When I had finished eating Mrs. came
in to see Carry. Then we said good bye
to her.

She cried, as she did not like
the thoughts of my going down so soon.
She would have liked me to stay longer.
We said good by to everyone. And I got on
my pony. Uncle Joseph and Mrs. both
walked down the hill. Mary and George
accompanied us to the first turning after
you pass the stone, and waved their
handkerchiefs to us till we were out of sight
Then Mrs. asked Uncle what time it was,
and he said 6. 20

According to that we must have got up at 5.30. We arrived safely at the foot of the hill. Uncle Joseph very kindly offered to take me to town, as I got in his carriage with him, and I left Ada and the children. I.K.K. waved his handkerchief to me as he passed. On our way to town, we went to "Clove Hall", as I wanted to ask Mrs Galastaun and Mary to come and spend this evening with me.

They both accepted the invitation. Then we went to Uncles. Saw everyone. Laundry maid. They were going to the circus this evening, and I told them there would be an performance. She said Phebe was going up the hill. Tomorrow evening & home. The cook had forgotten to go up for our tea this evening, so I sent the boy, to tell him to go immediately. Called. dressed. & so to Ada's breakfast. Then I wrote the diary as far as I got yesterday, as well as today, & gave him the orders.

September 1867. Penang.

Thurs 19 J.B.K. told me that Jenkins & Mrs Hill might call, so I dressed myself. I only had a large crinoline, which I found when I awoke. At 12 Mrs Le Fond & Capt. Forman called. His farewell call. Mrs Forman he said was very sorry, but she could not come. He was telling me a sad story of a poor boy who was drowned. When he heaved up the anchor of the ship "Krishna" he found this dead body. Mrs Cochrane also called, about her daughter Agnes' finger. It is hand sprained & in falling down.

She sent for him. He called p. Tiffin. Wrote. Then I rested. Ate just a little J.B.K. went on an errand. To Ayer Etam. I made the arrangements and chose. 5:30 Up. dressed. 6. J.B.K. came home. I went down to the jetty for a puff of air. J. home to dinner. A Tuddays dinner with us. In the evening Mrs Cavalcanti & Tiny came. Music. Jane at Commerce." Mrs H. Tuddays down. H. left next day. We went to bed.

Sept. 6th. Too tired. Did not go out for a walk with Mrs. H. Had nowhere to go to. Read "Land and Sea". Took the boy's account, and gave out demand the orders for the day. Saw Mrs. Morgan at the jetty the other evening, and promised to go to her house. To-morrow, to spend a few hours, and talk about my new trousers. Worked. Read. Got bathed dressed. Then as I was not feeling very hungry waited till 10. when Mr. H. returned, and I had my account with him.

Then I came upstairs, and wrote the copy of my letter home to Mrs. King. Jerome called. The basket maker brought some baskets for sale. We had ordered him to make four small baskets for us, and we had paid him the money before hand so when he came yesterday, we asked him why he had not brought them, as he promised he would do in 2 days. He made some excuse, the men were sick, and he could not get the rattans, but in five days he would bring them.

September 17th Monday.

Thu 20 Finished my stockings. I. J.B.K. went out, said he would be back in half an hour. Had tiffin when it was 3 and he had not returned. I dressed the tiffin, and began to eat. Just as I was in the middle of it, J.B.K. came home, and said, Mr Hill had come to speak to him, so I came in my room, and dressed in a muslin skirt, and cotton garibaldi, as I only had a horse jacket, and petticoat on. Then J.B.K. also came in to change, so I waited for him and we went out together, as I did not like going alone.

Finished my tiffin, and was just going to clear the table, when the Fabric's Workman, brought me a long note from Henry, and one from George & J.B.K., a bouquet of flowers, and some fruit. Later in the day, I received a letter from Henry. I shut the door leading to my bedroom, but forgot to take my book in to read, so I dozed a little, and then rested. I read the letters that Henry sent me, and fell to sleep over them

I did not know when Mr. Hill left. And at 5. P.M. I rose once up and said he had received a note from Mrs Scott asking him to go over to the Province and see her husband who was sick, and that if I wanted to go with him, I must be quick and dress. So I got out of bed. Dressed in my Jersey and salt dress, and my old red cloak over it. Did down the curtains, drank some wine, locked my door, went down stairs, got into the carriage, and arrived at the jetty at 5:30.

The boat was waiting for us. So we went across in it. Mrs Scott & Mr., kept me talking to her, showed me the house, P.M. & I just five P. then he said he would go and have a look at the Watches & so invited us to dinner. I've said we were not in dinner costume, but he would make us stay, so we had our dinner of Cajan, &c. After dinner we did nothing but talk till 9. when we came home. Mrs corrected my letter and we went to bed.

Sat 20 Slept well. Did not go out for a walk, as I had no place to go to. Busy writing my journal for Tuesday & Thursday, as I had no time to do it before. Read "Land at Last." Took the boy's account, and gave our servant the orders for the day. Rested. I was feeling very tired, but I wrote my letter to Mrs King, I had no time to finish it, as J.B.K. came home early. 9:15. bathed. dressed. 10. Second breakfast. Received a letter from Mary, saying Fanny was a little better.

12. Went to the nursery in our carriage, to buy and get a frame for a bonnet like Alices, but there were none to be had. Met Mrs Kabel. came to tell J.B.K. that I had bought some net, as there was no bonnet shape to be had. Saw Mr Charlie Walker who had been to pay his P.P.C. call, just coming out of our gate. The Apothecary of the Province was speaking to J.B.K. and waiting. I had to go into my bedroom and get some old muslin, to put round inside my bonnet.

12:30. According to promise I went to Mrs Hogans, and took all the lace, flowers, &c that I had by me. She was just dressing. I had not been there five minutes when Charlie Miller came to call, so Mrs Hogan asked me to go outside, (as I was then in her bedroom) and talk to him, while she finished dressing. So I went &c stayed a very short time. Then Mrs Hogan took me into her bedroom again. As it was Saturday all the children were at home.

Bella and Constance, were making shirts for themselves, and Ada was making a doll's shirt, which she had sewed herself. I & A gave me the piece of wire for the frame of my bonnet. It came from one of Bella's old hats. She covered it with the net I bought, and then took the lace that was on Mrs Hughes bonnet, and covered the net. Then she took some white beads that Madame Es-Chasserian had given me, before she went away, and strung them together, and just threw round the bonnet

September 18th, Friday.

I had brought an ribbon for the strings, as Mrs H. could not finish the bonnet till S. Mrs Pasley came to see Mrs H. so I said I would go away, and come again on Monday. She told one of the children to go and meet Mrs Pasley, but she walked right into the bedroom, and Mrs P. said to me. Don't go away. but I said I must, so ordered the cyce to get ready the carriage, and came away. Mr H. was just going to take his tiffin, and as I had not had mine, I sat down, and sat with him.

After tiffin he said he had brought me an amusing book from the library I wrote to Mary, and also to Uncle Joseph to wish him many happy returns of tomorrow. The boy brought me some handkerchiefs. I rested till 5. then dressed, and had the jetty alone. Did the usual routine of duties. 7. Home to dinner. 8. Drove to the Circus. Nearly the same performance. Mrs Trollope home. J.B.K. had brought some very thick sewing silk home, so I cut them up into needlefuls, and wrapped each in a separate piece of paper, ready for use. Then I ordered the carriage, and dressed myself in my cotton dress, and took Georgie with me to the nursery. I wanted to get some ribbon like Alice's bonnet, but could not succeed, so I got some a little narrower & shaby, which J.B.K. thought was better, when I brought it home, after dropping Georgie at Mrs Palmers, and shewed it to him.

Then I went on to Mrs Hogans when she showed me the bonnet, I found she had unpicked it all down to the crown, and cut off a large piece of the fur, and made the bonnet into a different shape. She had finished it all but the ribbon. I was quite surprised. It looked more like a brides bonnet. She put it on my head to see if it suited me. Then I put all my things, cotton &c in the box, and said good day, & thanked her very much.

23 I went in to Mrs Anthony's to speak about my black silk, that she had got from Singapore for me. Mary went up the hill this morning to stay with the Mac-kay's till Friday morning. So only Mrs Salvador Mrs Ian: were at home. I explained to her about the black silk, and told her I would tell Dr King to come and speak to her to-morrow morning. Then I began to dress for Church.

I wore my light lavender silk dress, a new bonnet of lace, with beads all around, and little sprigs of jessamine dotted here and there, also a new gauntlet of muslin with 4 straps of lace in front and one small pleats between each, and a rushing of the light lavender silk, just around the neck, down the middle of the gauntlet and around the cuffs. Around the neck I wore Ida's small gold chain, and pearl ones set in gold, Uncle Lawrence's brooch and earrings.

hi 27

The Bride wore a plain white satin dress with a bow of the same stuff at the back, and a plaiting of satin ribbon all round the bottom of the dress. A plain veil, and a wreath of rose buds and jessamin placed on her head, and a long end of the wreath hanging down below her shoulders.

The Brides were Charlotte Brown, Lill, Sad, and Edith Scott, daughters of Wm Walter Scott. Charlotte wore a white Cardalan dress, with 2 puffs of the same material, and a piece of ribbon sewn on plain on the dress just above the puffs with a plain piece of the dress sewn on it. Her wreath was like Grace, and little Jall. The other three Bridesmaids were the same kind of dress, and with only 1 puff. They had a Grecian shirt on. Their wreaths were blue ribbon with one white rose in each, and a little bow. Sunday their eldest brother, carried the bouquet, fan, and Handkerchief for Wm Lamb

Mr. Stuart was the groom's man. Only the Ladies had favours pinned on them in Church. The gentlemen were had theirs at Glugar. We were rather late, as the carriages were allowed to come in any how, and was being the last, Mr. K. had to go and look after it, though it was drizzling, but we left the Church at 12:30. We went to Glugar in our carriage, and with the pair pony. We took the boy out with us.

A great many of the ladies and gentlemen had gone out in Kilts & Plaids, and the consequence was, a great many stuck in the road, (to the down) as the rain had come down in such torrents that it made the roads quite heavy for the poor ponies. Though we left so late, and there were a great many hearses before us, yet we passed them all, and arrived at Glugar first. Mrs Hunter came a little while after, and said she had broken down, & all in vain. Mr Douglas

September 1865 Thursday

Harry got in one of the first and he saw Miss Brown reading our letters, that we had sent with our presents. I gave her 6 salt cellars, in the shape of tubs with a handle in each, and 6 salt spoons, each being like a spade. H.K. gave her 5 flower glass stands of 3 different shapes. All we had the wedding cake handed around, Mr Brown having led the Bride, to the table, to have the first cut. Bill & Ned, made themselves very useful, and were just as good as any grown up Bridesmaid.

At 2:30. We went downstairs ready dressed. The tables were placed in this way ⊥ The Bride & Bridegroom sat with their backs to the front garden x and were handed down by Mr Robert Shaw, but fortunately got next near Mr Walter Scott xx, who sat in the middle of the left hand long table as you come downstairs. He joked and made us all laugh and we had plenty of fun.

Mr. Stuart and Charlotte sat opposite to us. Mr. Mackay, Mr. Land, Mr. Hay Shaw, & Mr. Stuart made the speeches, the former for the Bride, and the latter for the Bridesmaids. After the breakfast the Ladies all went upstairs, and a few of the gentlemen Mrs. Ruddock went to the piano, and played 3 pieces, Mary Anthony 2, Charlotte 1. and Phebe sang a song "Home". Then Mr. Vermont came up, and asked the gentlemen present to help him remove the tables, as Mr. Cornwallis they were to dance.

Before the dancing began the Bride & Bridegroom left. Mr. Jonathan had the slippers knocked in his head, back, shoulders, and everywhere. They had no mercy on him. Mr. Vermont got on the back of the carriage, and went as far as Sylvan Gate, and then got down to allow the footman to get up. Some of the gentlemen went to meet him, and they brought him back in their shoulders.

September 1867 Penang.

Then we all went upstairs and began to dance. We had 2 Quadrilles, 1 Waltz, and 1 Galop. I played the first, reading the music by sight, and danced the rest. Frank wanted to go home, before they began the Waltz, but I begged of him so hard to let me stay, as I was going to dance with Mr. Joseph Anthony, that he allowed me to do so. We left Glugor at 1/2 to 3. & arrived home in 3/4 of an hour. We brought home 1 of the bouquets.

Fanny came home about 1/2 an hour after us, & said that all the ladies left after us, and there were only a few bachelor gentlemen remaining behind. Mrs. Reid sent me some beans, which he told the boy to boil for dinner, but they were not cooked enough so told him to keep them for tomorrow's tiffin. for dinner. Then we had music. Came upstairs & I was finishing my dress I wore yesterday, away, when Mr. Seng at Swiln came. He brought my habit. We came upstairs to speak to Mrs Hogan about the trunks she had made for me. 2: home. Harry asked me to let him have tiffin with us, which he did. He told us he sprained his foot yesterday in coming down Dundees stair case. I had plenty of things to put away, so had no time to rest.

4. Went over to the Province G.W.s wanted to see Capt: Hatchel, on business. Fortunately for me Mr Vermont was there, who kindly offered to take us over in his boat, for which we thanked him, and accepted his offer. (We sailed over, though it was a little rough, and the boat kept going all on one side.) So when Fitz had finished his work, we said good bye, & got into Mr V's boat. Capt: Hatchel gave us 2 couple of sp[illegible]

I also gave him my new cotton dress to alter. The first part of the body, was too tight. 12. Mrs Maddan came to spend the day, and stay to tiffin. She brought some baby clothes to work. She told me that in the last month, she had made with the help of her aunt 1 dozen small body shifts, ready waiting for the trimming. I came in the room for a little as Mrs. M. said, when you have been with her for a little while, then you can finish speaking to me.

So I came in, and she told me, we had better come duets together, as it would be a capital chance for me to have Mrs Maddan to play with. Then I went on, took up my work. I mended 4 pairs of stocking. 1. We played on the piano. I took the first part of the first duet in the book, and Mrs Maddan took the first of another duet, which we tried. We were both reading music at sight, as we neither of us had tried these duets before.

September. 1860. Chatham

Wed 26 Up at 6. D.K. went to meet Colonel Dean, he had come to see the hospital. His son Arthur accompanied him. They neither of them came up. Our boat was sent at 12. to "Rats Island" as some said that D.K. wanted to send to Penang until came back, D.K. would not believe it was our boat. And said there was only one of our two in. I told him they were all there. So he went down to meet the boat, & found what I said was true, & that they had a new sail.

Thurs 27 Up at 6. Colonel Dean & his son Arthur called to take D.K. to Hadda. They did not come up to the house. I stayed at home. read. worked. wrote. 9:30. bathed. dressed. so. D.K. came home to second breakfast. 3:30. went to Hadda to pick up shells. As we were coming away. Mr. Warford & Mr. Mostyne came. They said they had called at the house for us, & found we had already come here. They told us to go on to "Rats Reef" and they would meet us again. Capt Chun & Virgie Hamilton also came. Capt C. cut his foot on a rock. We got a few shells, & went up close to the reef that they jumped in & ran to see them.
